

30 Day Notice: Southeast Water Pollution Control Plant Existing Digester Gas Handling Improvements

What: Replacements and upgrades to critical equipment located on the south side of the Southeast Treatment Plant. Project features include but are not limited to:

- Disinfection equipment upgrades and replacements needed to address severe corrosion and prevent equipment failures.
- Replacing digester 100 ft. diameter floating cover with fixed steel cover.
- Upgrade of odor control unit.
- Repairs to roof drains and piping of buildings.

Who: The contractor for the project is the Monterey Mechanical Co.

When: The anticipated start date for construction is spring 2017 and construction completion spring 2019.

Where: Southeast Treatment Plant, 750 Phelps Street, San Francisco, CA 94124

What to expect during construction:

- The project team will work to minimize disruption to normal neighborhood activity; however there will be occasional inconveniences due to heavy equipment movement and other construction activities.
- Businesses and residents in the work zone will maintain access to their garages, although there may be temporary delays.
- Sidewalks will remain accessible to pedestrians. There may be present a ramp or sectioned off areas for safety.
- Buses will not be detoured. Traffic will have some temporary delays.
- Parking will be restricted in the work zone. **Please see posted signs for exact details.**
- No interruption in water service or quality is expected during construction. **Advance notice will be given.**

The **Sewer System Improvement Program (SSIP)** is a 20-year, multi-billion dollar citywide investment required to upgrade our aging sewer infrastructure to ensure a reliable and seismically safe sewer system now and for generations to come. For more information visit sfwater.org/SSIP.

Public Utilities Commission

Clean, efficient, reliable...

Every day, we deliver high-quality, efficient water, power and sewer services to serve the needs of the San Francisco Bay Area.

Water – Delivering high-quality water every day

We deliver drinking water by gravity to 2.6 million people and businesses in San Francisco, Alameda, Santa Clara, and San Mateo counties.

Power – Generating clean energy for vital City services

We generate clean, reliable energy to power vital City services, such as MUNI, streetlights, schools and public buildings.

Sewer – Protecting public health and the environment

Through our treatment system and innovative programs, we manage sewage and stormwater, and prevent pollution of the bay and ocean.

Please help conserve water.
