

Cost Justification and Acknowledgment Form

This form is required because the cost per kilowatt for this project requesting a GoSolarSF incentive exceeds the high cost threshold, which is \$8,019/kW for Fiscal Year 2016-17. For more information please refer to the GoSolarSF Program Handbook, found on the website (solarsf.org). Applications that exceed the high cost threshold must demonstrate that the high cost is supported by eligible project costs as described in the GoSolarSF Program Handbook. No projects will be awarded incentives without sufficient justification and a Host Customer (or Site Owner if rented) acknowledgment.

This form requires that the applicant provide justification for the high unit cost of this proposed project. In addition the Host Customer must acknowledge that he/she has read and understood the explanation and is aware that the total proposed system cost is in excess of typical projects in the GoSolarSF-Program.

High Cost Justification for Proposed System Installation (to be filled out by applicant):

Installation Site Address: _____

Applicant name: _____

Applicant Company: _____

Applicant signature: _____

Customer Acknowledgment of High Cost of Proposed Installation:

I have read and understood the above explanation for the high cost of the proposed installation, and I am aware that the proposed total system cost for this project exceeds the cost of most projects in the GoSolarSF Program.

Host Customer (or Site Owner if rented)

System Owner (if different from Host Customer or if different from Site Owner if rented)
