

GO SOLAR AND SAVE MONEY!

The City and County of San Francisco's GoSolarSF program is teaming up with GRID Alternatives to assist income-qualified homeowners with the installation of cost-saving solar panels. Homeowners who qualify for this program **save on average 75% on their electric bills and up to 100% off the installed cost of a solar electric system!** *

Going solar with GRID's solar program will:

- + Lower your electric bills on average 75%
- + Help reduce air pollution
- + Support local green jobs training

To qualify, you must be an on-site homeowner and meet income and other requirements (please check the adjacent income eligibility chart).

INQUIRE TODAY ABOUT YOUR ELIGIBILITY BY CONTACTING GRID ALTERNATIVES – AND LEARN HOW YOU CAN SAVE 75% ON YOUR ELECTRIC BILL !

- **(510)731-1333 or 1-866-921-4696**
- **www.gridalternatives.org/qualify**

* Discounts are offered through the non-profit GRID Alternatives' low-income solar program, which utilizes incentives from the City and County of San Francisco's GoSolarSF program along with state rebates from the California Public Utilities Commission and the California's Department of Community Services and Development

Income Eligibility Chart (2018)
