Meeting Objectives	Provide overview of initial and conceptual thinking around two areas of revitalization at SECF: (a) programmatic innovations and (b) aesthetic innovations. With respect to programming, summarize feedback and research regarding gaps and opportunities for higher wage jobs in the southeast, particularly in technology. Engage in conversation and solicit feedback on ways to build ladders of opportunity into various key emerging industries from the southeast in ways that complement existing tenancies. Solicit feedback on ideas for arts and aesthetic innovations.
