

10-Day Public Notice: Water & Sewer Main Replacement and Pavement Renovation Project - Jackson, Sacramento, Washington, Davis and Drumm Streets

What: The San Francisco Public Utilities Commission (SFPUC) will begin the installation of a new water main pipe on Jackson St from Stockton St to Grant & Sansome to Front; Washington St from Davis to Drumm; Davis St from Sacramento to Market; and Drumm St from Jackson to California. Crews will replace the sewer main on Sacramento St from Battery to Drumm. This project will replace pipes in the street that are approaching the end of their useful life.

Who: Empire Engineering & Construction is the contractor working for the SFPUC.

When: The project re-started March 12, 2015 with completion scheduled for January 11, 2016. Weather and/or construction issues may impact the schedule.

How:

- Cut trench in pavement; remove pavement and soil
- Install water main pipe; install sewer main pipe
- Backfill trench & install temporary asphalt as work moves forward
- Make service connections to new pipe
- Final trench paving and street restoration

There may be periods of inactivity within construction schedule.

What to expect during construction:

- There will be noise, vibration, dust, parking and traffic impacts in work zone and disruption to normal neighborhood activity.
- Businesses and residents in the work zone will maintain access to their garages, although there may be temporary delays.
- Parking will be prohibited in the work zone during work hours. ***Please see posted signs for exact details.***
- A city construction inspector will be on-site during work hours and may be able to assist you with construction concerns. Inspectors typically wear a yellow safety vest and hard hat.
- A short interruption of water service when crews are making connections to new pipe. ***Advance notice will be given.***

Clean, efficient, reliable...

Every day, we deliver high-quality, efficient water, power and sewer services to serve the needs of the San Francisco Bay Area.

Water – Delivering high-quality water every day

We deliver drinking water by gravity to 2.6 million people and businesses in San Francisco, Alameda, Santa Clara, and San Mateo counties.

Power – Generating clean energy for vital City services

We generate clean, reliable energy to power vital City services, such as MUNI, streetlights, schools and public buildings.

Sewer – Protecting public health and the environment

Through our treatment system and innovative programs, we manage sewage and stormwater, and prevent pollution of the bay and ocean.

For more information, contact us: (415) 544-3289 or visit sfwater.org

Call 311 to report neighborhood issues:

- water quality concerns
- flooding
- water or streetlight outages
