   a) **Bay Delta Water Quality Control Plan Update**  
      *Steve Ritchie*, Assistant General Manager (AGM) Water, stated that the State of California is suing the Department of the Interior regarding the Biological Opinion for the state and federal water projects and that staff is tracking the suit. He noted some environmental groups and state water contractors have also filed suit against the Department of the Interior.

      AGM Ritchie responded to a question from VP Vietor regarding the status of resolutions she requested.

      No public comment.
b) Update on PG&E’s Bankruptcy and City’s Acquisition Offer

Barbara Hale, AGM Power, provided the following update: (1) PG&E - Federal Bankruptcy: PG&E filed additional revisions to its plan of reorganization and accompanying disclosure statement. Hearings are underway and are projected to conclude on March 16. She discussed a motion filed by the Tort Claims Committee; (2) PG&E - California PUC (CPUC) Bankruptcy: AGM Hale reviewed SFPUC’s testimony at the CPUC bankruptcy hearing; (3) Education efforts: Web education efforts have been enhanced (publicpowerssf.org). As of March 10, there have been 2,665 unique site visits; 175,000 individuals have been reached via pushing content to social media; 77 unique individuals have signed up to receive updates; majority of traffic to site is from social media; and working with neighborhood newspapers on print advertising, per Commissioner Maxwell’s request.

AGM Hale responded to a question from President Caen whether any feedback has been received.

No public comment.

c) Sewer System Improvement Program Quarterly Report

Stephen Robinson, Wastewater Enterprise Capital Program Director, presented the report. He indicated that 37.1% of Phase I Projects are complete with $0.958 billion expended. He provided highlights for the Baker Beach Green Street Project, Southeast Plant New Headworks Facility Project, and other Phase I Projects. Mr. Robinson continued with a review of current construction status for the Oceanside Plant LED Fixture Replacement Project, Mariposa Dry-Weather Pump Station and Force Main Improvements, and Bruce Flynn Pump Station.

No public comment.

d) Wastewater Enterprise Capital Improvement Program Quarterly Report

Mr. Robinson reviewed projects that have exceeded schedule forecast by six months and/or have cost variances exceeding 10%: New Headworks Project (cost variance), CM/CG delivery - Scope 1, 2A, and 3 (cost variance), Van Ness BRT Sewer Improvements (cost variance), Better Market Street Sewer Improvement Phase I (cost and schedule variance), Fifth, North, Sixth and Division Streets Combined Sewer Discharge rehabilitation (delay), Wastewater Storm Water Management Planning (cost variance), Large Sewer Condition Assessment Improvements (cost and schedule variance), and Ocean Beach Project (cost variance).

At the request of GM Kelly, Mr. Robinson provided a brief update for the Alemany Project. GM Kelly and Mr. Robinson responded to a question from VP Vietor regarding green options for the Project. Brief discussion ensued.

President Caen requested that going forward the report be submitted in writing in addition to the verbal update.
e) SFPUC Activities Associated with the Mayor’s February 25, 2020 Emergency Declaration for COVID-19

Justine Hinderliter, Chief People Officer, stated the SFPUC is working in coordination with the City’s Department of Human Resources, Department of Emergency Management (DEM), and the Department of Public Health to address the rapidly changing event. She discussed internal work being conducted and noted regular meeting are being convened. She touched on some major issues being addressed, including analysis of Continuity of Operations Plan, implementation of social distancing programs (e.g. limiting in-person meetings, cancellation of non-essential trainings, eliminate on-essential travel), launch of temporary telecommute policy for vulnerable populations to reduce the number of on-site employees, obtaining additional resources (laptops, bandwidth capabilities), increased cleaning, scenario planning, increased cleaning of shared electronic equipment, increased communication regarding hand washing, and Disaster Service Worker (DSW) response.

GM Kelley stated conversations have taken place with the Southeast Facility Commission regarding the need to reduce the usage of their facility. He stated he is working with DEM to identifying employees who can work as DSW during the event.

In response to a question from Commissioner Maxwell regarding employee’s ability to use accrued sick leave and as to what is being done for new employees or for employees that have limited sick leave accrued, Ms. Hinderliter indicated those situations will be evaluated on a case-by-case basis. Discussion ensued on the feasibility of a case-by-case determination due to the large number of SFPUC employees. Brief discussion ensued.

Ms. Hinderliter responded to a question from Commissioner Maxwell regarding the availability of hand sanitizer and what we are doing for employees’ families. President Caen emphasized the SFPUC must be proactive.

No public comment.
