San Francisco Public Utilities Commission
FLOW FACTOR APPEALS FORM

I am appealing my sewer service charge. I use water for irrigation and believe that less than 90% (flow factor for Residential Single) or 95% (flow factor for Residential Multiple) of my incoming water returns to the sewer system. If you are appealing a flow factor that was assigned to a non-residential account, do not complete this form. Instead, contact the Bureau of Environmental Regulation Management at (415) 695-7310.
